

A) Installation & Starting the Module

1. After the successful installation of the DCO Charge Register Software, a link will appear in the Start Menu>> Programs. Click on It

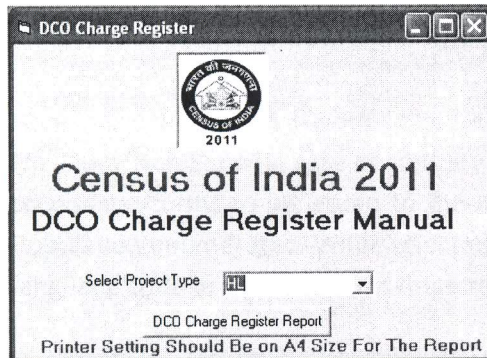

2. Now it will show the following Start Screen. HL and NPR may be selected as per the project type required by the DCO for the entry of the forms.

B) Printing the Report

3. For printing the report, the button is also provided in the startup screen as follows:

On putting the cursor on the button, it is showing the message in the bottom in red color as "Printer setting should be on A4 size for the report". This is necessary condition for the report
