

In Census 2011, three Codes were provided for recording gender i.e. Male-1, Female-2 and Other-3. In case the respondent wished to record neither '1' nor '2' the enumerator was instructed to record sex as 'Other' and give code '3'. Thus, category of 'Other' would not only include transgender but also any person who desired to record sex under the category of 'Other'. It is also possible that transgenders might have returned themselves either male or female depending on their choice.
