STATE PRIMARY CENSUS ABSTRACT FOR INDIVIDUAL SCHEDULED CASTE

TABLE A-10

The Primary Census Abstract (PCA) data on individual Scheduled Caste at the State/UT level in these tables present demographic, socio-economic and cultural profile of each caste. These data comprise number of households, population of each caste including institutional and houseless population, population in the age-group of 0-6, literate, illiterate, total workers, main and marginal workers classified by four broad industrial category namely cultivators, agricultural labourers, household industry workers, other workers and also non workers. In these tables data have been given for individual caste as per the notified list of SCs of each State and UT valid within the jurisdiction of that State/UT. The said data set have been presented by sex (male/female) and residence (rural/urban) separately.

For the first time in Census-2011, the marginal workers, i.e. workers who worked for less than six months in the reference year, have been sub-divided into two categories namely those working for less than 3 months and those who worked for 3 months or more but less than 6 months. Thus the PCA data also contain the categories of marginal workers.

TABLE A-10 (APPENDIX)

DISTRICT WISE SCHEDULED CASTE POPULATION
(For each Scheduled Caste Separately)

The said appendix table provides the population for each Scheduled Caste by sex and residence. The data have been given for individual caste as per the notified list of SCs of each State and UT valid within the jurisdiction of that State/UT. These data in appendix table have been presented by sex (male/female) and residence (rural/urban) at State and District level   separately.

STATE PRIMARY CENSUS ABSTRACT FOR INDIVIDUAL SCHEDULED TRIBE

TABLE A-11

The Primary Census Abstract (PCA) date on individual Scheduled Tribe at the State/UT level in these tables present demographic, socio-economic and cultural profile of each tribe. These data comprise number of households, population of each tribe including institutional and houseless population, population in the age-group of 0-6, literate, illiterate, total workers, main and marginal workers classified by four broad industrial category namely cultivators, agricultural labourers, household industry workers, other workers and also non workers. In these tables data have been given for individual Tribe as per the notified list of STs of each State and UT valid within the Jurisdiction of that State/UT. The said data set have been presented by sex (male/female) and residence (rural /urban) separately.

For the first time in Census-2011, the marginal workers, i.e. workers who worked for less than six months in the reference year, have been sub-divided into two categories namely those working for less than 3 months and those who worked for 3 months or more but less than 6 months. Thus the PCA data also contain the categories of marginal workers.

TABLE A-11 (APPENDIX)

DISTRICT WISE SCHEDULED TRIBE POPULATION
(For each Scheduled Tribe Separately)
